

We celebrate pottery as a unifying
and meditative practice.

THE LOOKBOOK — CORPORATE

STUDIO POTTERY LONDON

WELCOME

Studio Pottery London are delighted to invite you to book a bespoke pottery workshop.

Our studio is a light-filled space in the heart of London, SW1W. We offer unique corporate classes as relationship-building away days and off sites.

A beautifully-curated, calming environment, our focus at Studio Pottery London is 'throwing' – working with clay on the wheel. Our ethos centres on tuition with a view to developing an uplifting and balancing skill. We celebrate pottery as a unifying and meditative practice.

LUCY ATTWOOD

Whether for team building, hospitality, private party or product launch, escape urban life and truly disconnect with our unique pottery classes. Previous clients include Prada, Google, Credit Suisse, Netflix and CHANEL.

Relationships are built, skills developed. Alongside experienced technicians, your teacher will give you the confidence and diligence to progress.

YOUR EXPERIENCE

“It has been a great day with Lucy and Gregory. I felt very comfortable and got exactly what I hoped to learn during the day.”

MANUELA WIRTH
Co-Founder of Hauser & Wirth.

THE SPACE

Edmund de Waal, recently spoke of our studio as ‘a place of community’ and it would be our pleasure to extend that notion to you.

THE ARTISTRY

Clay is a humble medium of the earth.
Through careful hands and sound intent,
an object of beauty is created.

ALEXA CHUNG

RYAN BARRETT

FULL STUDIO HIRE

½ Day £2,500

Full Day £5,000

THE PROCESS

You will learn how to wedge – prepare the clay – as well as centre – secure the clay on the wheel – and, of course, throw – pulling the walls of the clay into a cylinder.

From beginners to more experienced potters, our classes always feel intimate. Our kiln and glazing room are also attended to by our technician. You have the option to have your completed work trimmed, glazed and fired should you wish to have it collected or sent within 3-6 weeks.

THE ARCHITECTURE

Designed by innovative FLINT Architects whose approach was to create a setting for the various ceramic processes taking place in an urban pottery studio.

A subtle Japanese influence is visible throughout the interior. Expansive windows flood the space with sunlight and illuminate the vitrines exhibiting contemporary and historic ceramics to inspire our creatives alongside our extensive library.

EDMUND DE WAAL

THE OPPORTUNITY

Experience what it means to be a practicing artist in Central London's first ceramics studio open to the public.

We also host insightful lectures and talks by leading potters and art historians for our members should you be interested in joining.

We are happy to arrange lunch or dinner at neighbouring Wild by Tart to compliment your visit. We can also set up relaxed, but more elaborate catering and drinks for your guests in the studio. We partner with Ole & Steen, Wild by Tart, Jones Family Kitchen and Amie Wines.
